

## **Source Code - License Agreement**

This License Agreement is made for sharing the source code used in the experiments of the following article:

**V. K. Mutombo, S. Lee, J. Lee, and J. Hong, “EER-RL: energy-efficient routing based on reinforcement learning,” Mobile Information Systems, vol. 2021, Article ID 5589145, 12 pages, 2021.**

By signing this document, the licensee agrees to the following:

1. All research publications that use of the source code (for comparison purpose) should cite the aforementioned article.
2. The right granted to the licensee does not allow the him to claim the ownership or authorship of source code under this Agreement.
3. The source code is free of charge, any commercial use of it is strictly prohibited.
4. The transfer, share, or sub-lease of the source code with any other party, or any other individual is not permitted.
5. The source code is not a production-ready code, but it was used for test only, thus, it can be used for comparison purpose or scientific purposes only.
6. The source code along with the article will be sent to the licensee after the submission of this document.

If you agree with the terms and conditions of this agreement, please fill it out and send it to Vially Kazadi Mutombo ([mutombo.kazadi@gmail.com](mailto:mutombo.kazadi@gmail.com)) to receive the requested source code.
